

### AIMS AND SCOPE

The OJAS, as an international multi-disciplinary peer-reviewed **online open access academic journal**, publishes academic articles deal with different problems and topics in various areas of anthropology and close scientific disciplines (cultural anthropology, social anthropology, urban anthropology, ethnology, ethnomusicology, anthropology of art, media anthropology, feminist anthropology, economic anthropology, physical anthropology, psychological anthropology, medical anthropology, linguistic anthropology, palaeoanthropology, applied anthropology, archeology, etc.).

The OJAS provides a platform for the manuscripts from different areas of research, which may rest on the full spectrum of established methodologies, including theoretical discussion and empirical investigations. The manuscripts may represent a variety of theoretical perspectives and different methodological approaches.

All articles published in the OJAS will get the DOI (Crossref) and will be applied for indexing in different bases (Social Sciences Citation Index – SSCI, Scopus, DOAJ, ORCID, OCLC, Ulrich’s Periodicals Directory, Cabell’s Directory, Google Scholar, SHERPA/RoMEO, EZB - Electronic Journals Library, WorldCat, J-Gate, Directory of Research Journals Indexing, NewJour, CiteFactor, Global Impact Factor, Unique Link Identifier – ULI, ResearchBib, Open Academic Journals Index, etc.).

The authors of articles accepted for publishing in the OJAS need to get the ORCID number ([www.orcid.org](http://www.orcid.org)), and Thomson-Reuters researcher ID ([www.researcherid.com](http://www.researcherid.com)).

The journal is now publishing 2 times a year.

### PEER REVIEW POLICY

All manuscripts submitted for publishing in the OJAS are expected to be free from language errors and must be written and formatted strictly according to the latest edition of the [APA style](#). Manuscripts that are not entirely written according to APA style and/or do not reflect an expert use of the English language will **not** be considered for publication and will **not** be sent to the journal reviewers for evaluation. It is completely the author’s responsibility to comply with the rules. We highly recommend that non-native speakers of English have manuscripts proofread by a copy editor before submission. However, proof of copy editing does *not* guarantee acceptance of a manuscript for publication in the OJAS.

The OJAS operates a double-blind peer reviewing process. The manuscript should not include authors’ names, institutional affiliations, contact information. Also, authors’ own works need to be blinded in the references (see the APA style). All submitted manuscripts are reviewed by the editors, and only those meeting the aims and scope of the journal will be sent for outside review. Each manuscript is reviewed by at least two reviewers.

The editors are doing their best to reduce the time that elapses between a paper’s submission and publication in a regular issue. It is expected that the review and publication processes will be completed in about 2-3 months after submission depending on reviewers’ feedback and the editors’ final decision. If revisions are requested some changing and corrections then publication time becomes longer. At the end of the review process, accepted papers will be published on the journal’s website.
